- d. 1% of the national base beneficiary premium for each month that the person was eligible to join a Medicare drug plan and didn't 

Correct
Marks for this submission: 1/1.

15

Marks: 1

A PPO is a plan in which enrollees pay less if they use doctors, hospitals, and providers that belong to the network. They can use doctors, hospitals, and providers outside of the network for an additional cost, except in case of an emergency. There is higher cost-sharing if they get care from a non-preferred provider who will accept them for treatment.

Answer: True 
 False 

Correct
Marks for this submission: 1/1.
